

**Maulana Azad Medical College: New Delhi**  
**Department of Pharmacology**

No. F. 1/15/Misc./MC/Pharma/2020/Pharmacovig./645

Dated:-23/12/2020

**CIRCULAR**

Subject: - MAMC Pharmacovigilance Committee (2020)

Adverse Drug Reactions are a common cause of morbidity and mortality in patients. To increase awareness about the same and increase reporting of adverse drug reactions, the Government of India has made a Pharmacovigilance Programme of India (PvPI). Department of Pharmacology in Maulana Azad Medical College has been made a center for monitoring of adverse drug reactions. The Medical Council of India also requires all Medical Colleges to have a college Pharmacovigilance Committee.

The purpose of the College Pharmacovigilance Committee in Maulana Azad Medical College is to -

1. Oversee safe use of medicines in the hospitals attached to MAMC.
2. Guide activities related to increasing awareness about adverse drug reactions amongst doctors, nurses, pharmacists and medical students.
3. Initiate and encourage reporting of adverse drug reactions occurring in the hospitals and primary health centres attached to the college to the Adverse Drug Reaction Monitoring Centre of the Pharmacovigilance Programme of India, Ministry of Health & Family Welfare, Govt of India. This Centre is situated in the Department of Pharmacology, Maulana Azad Medical College. The revised committee will be as follows:-

**MAMC Pharmacovigilance Committee – 2020**
